

LIMITED WARRANTY

ONE YEAR PARTS & LABOR

Minus Forty Technologies Corp warrants against defect in material and workmanship in products which it manufactures for (1) year from the date of installation, or up to (15) months from the date of shipment, whichever occurs first, when properly installed and operated under normal use. Warranty does not cover any failures caused from abuse or improper installation. Our obligation under this warranty shall be limited to repairing or replacing at our option including reasonable labor (reasonable as determined by Minus Forty) and reasonable travel time up to 30 miles for any part of such product which proves thus defective and which Minus Forty examination shall disclose to our satisfaction to be defective. All defective parts must be returned to the company within 30 days freight prepaid along with equipment model number serial number and warranty file number. On parts not manufactured by Minus Forty, such as motors, controls, valves and compressors, we extend to the Buyer only the same warranties made to us by the manufacturer. Minus Forty's only liability under this warranty or otherwise shall be the repair or replacement (at Minus Forty's option) of non-conforming goods or parts, under no circumstances does Minus Forty Technologies Corp assume any liability for incidental or consequential damages such as injury to person or property, product loss or lost profits. Any freight costs incurred are the responsibility of the buyer. If Minus Forty determines the unit must be returned to its plant to facilitate the warranty repair then all freight costs would be the responsibility of the buyer.

EXTENDED FOUR YEAR WARRANTY

INTERNAL LEAKS Minus Forty agrees to repair, replace or refund the depreciated value of the product at its option, for Minus Forty product determined through its inspection to have an internal leak, a refrigerant leak within the wall insulation area (***Only applies to certain models most models do not have refrigerant tubing encapsulated within the foam walls***) for a period of sixty months (60) from date of factory shipment. If Minus Forty elects to replace the product the customer will be charged for the depreciation of the original product this depreciation value would be equal to the original purchase price divided by 84 (7 years) and multiplied by the age of the product in months from date product was shipped from factory. This value would be charged to the customer upon supplying a new replacement unit. If the product is no longer in production Minus Forty may substitute a product that it feels is most similar to the original product at its sole discretion. If Minus Forty elects to refund the depreciated value this value would be calculated by dividing the original purchase price by 60 and multiply the resulting value by 60 less the number of months in age of the product from when shipped from the factory.

COMPRESSOR WARRANTY Minus Forty agrees to exchange or replace, at its option, the original Compressor only with a compressor of like or of similar design and capacity if it is shown to the satisfaction of Minus Forty that the compressor is inoperative due to defects in factory workmanship or material under normal use and service sole obligation under this warranty shall be limited to a period not to exceed sixty (60) months from date of factory shipment. The term "Compressor" does not include electric controls, such as relays, capacitors, pressure controls; or fan motor assembly, condenser, receiver, etc. The warranty does not include any equipment to which the Compressor is connected such as cooling coils, temperature controls, refrigerant metering devices, refrigerant, labor, etc. This complete extended warranty does not cover any shipping costs of any kind for any reason.
